

Know what you're going to pay. Know what you're going to get.

Bring your Mercedes-Benz to us for a Fixed Price Service and you can be sure there'll be no surprises.

That's because we've fixed the price of a Mercedes-Benz Official Workshop service for your model. So whether you are due an 'A' service or a more extensive 'B' service, you'll know in advance exactly what work we'll carry out, and you can see just how competitively priced it is.

If extended service items such as spark plugs and fuel filters are required to comply with the manufacturers' replacement schedule, these will be quoted and invoiced separately.

Take a look at some of the other benefits of bringing your Mercedes-Benz to an Official Workshop:

- Our technicians have up-to-the minute training
- Benefit from complimentary service measure updates, such as software upgrades
- Receive a year's complimentary Roadside Assistance Cover, if your vehicle was registered after January 2004

Why not check out the price of a service for your model in the table below? The next time your service is due, just give us a call.

* Average based on customer service feedback from Service Events held at the Mercedes-Benz retailer(s) below between 1 January 2008 and 31 December 2008.

Find the Fixed Price Service for your Mercedes-Benz.
